

Description

Tygris Clay Drain Sealing Mats instantly seal a drain to prevent spilt oils and chemicals flowing into storm drain and out to controlled waters. Tygris Drain Seal Mats fit the contours of drains to create an effective seal, including uneven or broken drains. Due to their flexibility you can easily seal misshapen drains. Tygris Clay Drain Seals are a high performing and cost effective method of blocking drains and preventing spilt fluids entering the drainage system. Tygris Drain Seal Mats are treated with a formula which prevents mould growth and anti-freeze properties so the mat remains flexible down to -20°C .

Benefits & Features

Highly effective low cost Drain Seal

- Can easily be cut to fit most drains – if not simply use two
- Used by most fire services as first line pollution defence
- Gives 100% seal even on rough surfaces
- Remains flexible down to -20°C
- Non-toxic and bio inert
- Resistant to oil, water and most chemicals

Directions for Use

Tygris Clay Drain Seals are easy to use and quick to deploy:

- 1: Remove mat from the protective bag
- 2: Peel off plastic sheet from underside
- 3: Place mat on drain sticky side down
- 4: Tread on mat to ensure complete contact with drain

Technical Data

Pack Size: 65 x 45cm, 2/Pack
